Wedding Receptions in the Gardens Pavilion

Enjoy these exciting months before your wedding, with some peace of mind. With over fifteen years of event experience, the Event Professionals of the Boathouse are dedicated to making your wedding a success. Full-service catering by the Boathouse includes everything from setting up the room, to ordering the correct table linens and counting the forks. Our Gardens Pavilion building has the look and feel of an outdoor event, with the comfort and security of a roof, floor, heat and air-conditioning.

Taking good care of your guests is a Boathouse priority. Our Kitchen and Management team is certified by Serv-Safe, a nationally recognized and accredited program for food safety. Every member of our management team is CPR certified. Alcohol service is available under our ABC license, and responsible beverage service is provided by our professional staff, with TIPS certification. TIPS (Training for Intervention Procedures) is a global leader in education and training for the responsible service, sale, and consumption of alcohol.

Our Staff Event Coordinators will be on site to guide you through your special day. We will oversee the setup of your event, coordinate with your other Event Professionals, and be ready to assist you and your guests throughout the reception. With complimentary cake cutting service, our professional serving staff will gladly cut and serve your wedding cake to your guests.

Brides and grooms deserve a little pampering on this busy day. Be our guests, even as you entertain your wedding guests. Food and beverage for the bride and groom during their wedding is provided by the Boathouse. But just in case you are too busy with your guests during the reception, our staff will send a midnight snack gift bag with the bridal couple at the end of the reception. Our Bridal Couples also receive a gift certificate for their First Anniversary Dinner at the Boathouse.
